Did you know?

- Pancreatic cancer is the 4th leading cause of cancer deaths in the United States, yet receives the lowest amount of federal funding of any major cancer, just a mere 1% of the National Cancer Institute's 2005 budget for cancer research funding.
- There is no early detection method for pancreatic cancer, and limited treatment options are available.

You can make a difference! Join us in the fight against a disease that has been ignored for too long.

The Pancreatic Cancer Action Network, Inc. (PanCAN) is a 501(c)(3) national non-profit advocacy organization that works to focus attention on the need to find a cure for pancreatic
