

PATIENT CENTRAL: GETTING PATIENTS ON THE RIGHT TRACK

RIGHT TEAM

Access experts and centers that have extensive experience treating your specific type of cancer.

RIGHT TESTS

Get the information, tests, and precise diagnosis to make the right treatment decisions.

RIGHT TREATMENT

Work with your team to decide on the best treatment plan and/or to identify clinical trials.

SHARE AT EVERY STEP

You can help yourself while helping others.

PATIENT CENTRAL is the first place to call after a diagnosis of pancreatic cancer and at any point in your journey.

Contact us at 877-2-PANCAN or patientcentral@pancan.org

SEE A SPECIALIST TO IMPROVE YOUR OUTCOME

Patient Central can provide a list of specialists in your area so you get the proper diagnosis and treatment.

GET BIOMARKER AND GENETIC TESTING TO KNOW ALL YOUR OPTIONS

Ask Patient Central how Know Your Tumor® can help provide information on your tumor's biology and any inherited gene mutations to identify treatment options.

CONSIDER CLINICAL TRIALS AND PRECISION MEDICINE

Contact Patient Central for personalized options and resources to consider at every treatment decision.

ACCELERATE RESEARCH

Reach out to Patient Central to learn how to join our Patient Registry to share your experiences and move pancreatic cancer research forward.
